

iKnow My Class is designed to provide teachers the information they need to foster a learning environment in which all students can reach their fullest potential. It is a powerful tool that allows teachers to learn and grow by listening to the genuine voices of students.

—Dr. Russell Quaglia

President
Aspirations Unlimited International

Our teachers are having meaningful conversations with their students about improving classes based on the data that the surveys provide. The teachers also enjoy the immediate feedback of the surveys!

About the Partners

Aspirations Unlimited International (AUI)

is dedicated to utilizing student voice to help all students reach their academic, personal, and social potential. AUI provides dynamic assessment tools to assist schools and universities with collecting and analyzing students' perspectives. All of our products are developed from research-based and proven methods, and are designed to achieve the goal of fostering student aspirations in order for students to reach their fullest potential.

Student Engagement Trust (SET) of the

United Kingdom is committed to working with schools to make certain that all young people achieve their fullest academic potential and become responsible citizens. To achieve this goal, we believe that the entire educational community must be meaningfully engaged throughout the students' learning journey. SET is dedicated to ensuring that all students have an opportunity to discover and appreciate their endless promise for a successful future.

The Successful Practices Network (SPN)

is a not-for-profit membership organization that supports a network of individual educators and member schools committed to building national model schools of excellence. In this period of declining resources SPN serves as a cost effective and sustainable way for K-12 educators to connect with each other as they identify and share instructional practices. SPN and our members are committed to rigor and relevance for all children, with a focus on enhancing student engagement and improving student achievement.

iKnow My Class Survey

Unlock the Potential of Formative Course Assessments

In an era that demands greater accountability from teachers and stresses the importance of students' engagement in their own learning, formative course assessments hold the potential to have a positive and lasting impact in our middle and high schools. To do so, course evaluations must be reenvisioned so they capture the real issues that impact student learning.

The goal of any educational system is for students to live up to their potential and move toward a hopeful future. To reach this goal, our teaching and learning environment must promote students' self-worth and ensure students are meaningfully engaged and experiencing rigorous, relevant instruction.

The *iKnow My Class* formative course assessment is designed to assess and monitor progress on the conditions that inspire students to reach their fullest potential. It provides valuable formative assessment data that research acknowledges is essential to impact student growth and learning, and that teachers can use to improve their teaching on a daily basis.

Class Survey

iKnow My Class is an online instrument that comes in two versions, a short version (20 questions) and a long version (50 questions).

- The instruments take students 5 to 10 minutes to complete.
- Teachers may enhance the assessment by adding up to three questions of their own.
- Teachers will receive results in real time.
- Teachers may administer the assessment to students multiple times throughout the school year.

The short version is designed to give teachers a quick snapshot of student perceptions at any point in the course, while the long version is designed to give a more complete picture of students' experience of the course.

iKnow My Class allows for ongoing, formative assessment of student perceptions and engagement, allowing teachers to make necessary midcourse adjustments.

How to Get Started

Schools may register online:

Visit: www.iKnowMyClass.com

- ▶ **\$100 per school** registration fee, plus \$1 per student (based on total number of students in school)

Once a school has registered, each teacher may sign up and enroll his/her classes.

Quick Facts

- Easy to use online instrument for course assessment
- Serves as a formative assessment
- Two versions: 20 or 50 questions
- Only takes 5 to 10 minutes to complete
- For grades 6-12
- Results viewable in real time
- Results disaggregated by key demographics

Sample Questions

- *I come to class ready and willing to learn.*
- *I see how this class relates to my other classes.*
- *This class challenges my thinking.*
- *The teacher knows my hopes and dreams.*
- *The teacher presents lessons in ways I understand.*
- *I am encouraged to use my imagination.*

The *iKnow My Class* formative course assessment tool has been developed based on research and investigation into student engagement completed by:

Aspirations Unlimited International

Successful Practices Network

Student Engagement Trust

All three organizations strongly believe students need to have a voice in their education if they are to reach their fullest potential.
